The Energy Bar Association is an international, non-profit association of attorneys and non-attorney professionals, active in all areas of energy law. Founded in 1946 as the Federal Power Bar Association, the Association currently has 2300 members. The Association's voluntary membership is comprised of government, corporate, and private attorneys, as well as non-attorney professionals from across the globe, and includes law students interested in energy law. The mission of the Association is "to promote the professional excellence and ethical integrity of its members in the practice, administration, and development of energy laws, regulations and policies." In addition to publishing the *Energy Law Journal*, the Association organizes and sponsors a number of activities, including a continuing legal education program in the fall of each year, as well as a program held in conjunction with the annual meeting in the spring that focuses on issues of current interest. The Association also sponsors committees that monitor and report to the membership developments of interest. Complete membership and subscription information can be obtained from the Association at 1020 - 19th Street, N.W. Suite 525, Washington D.C. 20036, or by calling (202) 223-5625.

The *Energy Law Journal* is published two times a year. Articles by members and non-members of the Association are welcomed. All manuscripts should be of substantial length, not previously published, dealing with the energy industry, and follow the eighteenth edition of *The Bluebook: A Uniform System of Citation*. A brief biographical statement should be included. All manuscripts should be sent to Mr. Robert S. Fleishman, Editor-in-Chief, Covington & Burling, 1201 Pennsylvania Ave., NW, Washington, D.C. 20004. Only manuscripts submitted exclusively to the *Energy Law Journal* will be considered for publication. The opinions expressed in the published material are those of the writers and are not intended as expressions of views of the Energy Bar Association. Inquiries about advertising in the *Energy Law Journal* should be addressed to Mr. Glenn S. Benson at (202) 662-4589. The *Energy Law Journal* is indexed in the INDEX TO LEGAL PERIODICALS, The CURRENT LAW INDEX, WESTLAW, and LEXIS services.

By submitting materials for publication in the *Energy Law Journal*, you agree that any such materials including articles, notes, comments, book reviews, and committee reports that are published in the *Journal* are "works made for hire," and you assign all rights in and to those written works to the Energy Bar Association.
