Dear friends,

We at Aid to Distressed Families of Appalachian Counties (ADFAC), an independent community-based 501(c)(3) nonprofit, would like to express our sincere appreciation for your recent contribution of \$15,000 to support our weatherization programs.

This contribution will be used to help impoverished families address energy efficiency issues in their homes in order to reduce energy consumption and utilities bills. This grant will be especially useful in helping families struggling to make ends meet in tough economic times. These funds will truly make a difference in the lives of many needy families, and we look forward to sharing with you the results of the grant upon its expenditure.

Again, thank you for your contribution. We appreciate your commitment to the community!

Sincerely,

Sherry Livengood
