Dear Mr. Hall:

I want to start by once again thanking the Charitable Foundation of the Energy Bar Association (CFEBA) for their sponsorship of the Capitol Quarter Community Tree Planting event on October 15. With your support we were able to plant 17 trees and add some much needed greenery to the area.

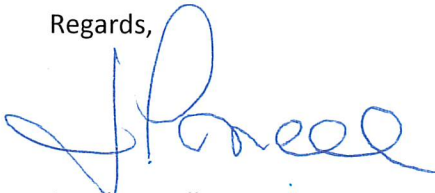

I also want to extend my gratitude to you personally, for all of your work in coordinating this sponsorship and in organizing your group of EBA volunteers. I hope you and your colleagues enjoyed the day as much as we enjoyed having you.

Enclosed you will find a CD with pictures from Saturday's planting event. Feel free to share these with your co-workers, members, or anyone else who might be interested in your work as a sponsor.

As a follow up to the interview you gave, I hope to schedule a time to come in to your offices and speak with EBA's President as you had mentioned he would be willing to provide some commentary regarding the sponsorship. Once these interviews and our planting footage is compiled and edited, I would be happy to send along the finished product to you.

Again, thank you to everyone at EBA for their work in getting this sponsorship off the ground. Our organization and all of our accomplishments are only made possible through the kindness of our loyal sponsors, volunteers and friends like you.

Regards,

Jared Powell
