

## Committee and Council Sign Up

Volunteering is what makes EBA great! Please consider volunteering with EBA by serving on a committee, taskforce or council. It's a great way to network while also providing a valuable service to EBA. EBA Committees, councils and task forces are responsible for presenting educational programming, EBA Insight articles, *Energy Law Journal* reports and hosting social events such as receptions and lunches. Most committee work is conducted via email and conference calls with just a few in-person meetings, so don't let your geographical location hinder your participation.

Volunteering with EBA is a wonderful experience, helping to connect you with colleagues nationwide.
