

Lisa Toney
Partner
Orrick Herrington & Sutcliffe LLP

Lisa is widely recognized as an innovator in the natural gas regulatory arena. She has represented clients in the energy industry on regulatory strategy, compliance and transactional matters for more than 25 years.

At the forefront of her field, Lisa helped a client obtain the first authorization from the DOE to export domestic natural gas as LNG to all trading partners, and represented the first bi-directional LNG terminals proposed in the United States in proceedings before FERC.

Lisa has been recognized both nationally and globally as a leading practitioner by *Chambers Global*, *Chambers USA*, and *The Legal 500* for more than a decade.
