

Deepak has been with FERC for 12 years and prior to his current role as Director, Division of Engineering and Logistics, in the Office of Electric Reliability, he served as a Senior Policy Advisor in the Office of Energy Market Regulation, and as Deputy Director of the Division of Energy Market Oversight in the Office of Enforcement. Before joining FERC, Deepak spent 10 years with ConEdison (NY) working as a supervisor in Electric Operations and in Systems Operations, as well as ConEdison's Energy Market Policy group as a stakeholder representative in the New York ISO and PJM. Prior to working at ConEdison, Deepak served as an officer in the Navy (stationed in Norfolk, San Diego, and Pascagoula MS) after graduating from Rensselaer Polytechnic Institute with a degree in nuclear engineering. He has an MBA from New York University. He and his family live in Ellicott City, MD.
