

O2222 and DER Implementation

Beth Heline, *General Counsel*, Indiana Utility Regulatory Commission

Beth is the current General Counsel at the Indiana Utility Regulatory Commission. Prior to this role she served as the Assistant General Counsel / Legal Counsel, RTO/FERC Issues for the State of Indiana and the Indiana Utility Regulatory Commission. Beth received a BA from Western Michigan University, and a J.D from Valparaiso University School of Law.

Steve Davies, *Senior Assistant General Counsel*, Indiana Utility Regulatory Commission

Senior Assistant General Counsel at the Indiana Utility Regulatory Commission.

At the Commission since February of 2018.

Native of Indiana. Born in Valparaiso and raised in Porter County.

Bachelor of Arts in philosophy, *summa cum laude*, at the University of Southern Maine in 2004.

Juris Doctor at the University of Maine in 2007.

Former U.S. Navy Seabee. I served from 1988 through 1996 and received an honorable discharge.

Former member of the United Steelworkers of America, Local 1014, and of the International Association of Machinists and Aerospace Workers, Local 6.

Former electrician, turbine operator, steel worker, ship builder, and a cabinet maker. I spent one perfect summer working on a lobster wharf off the coast of Maine.

A sizable share of my current work focuses on RTO related matters. This work involves collaborating with regional state colleagues and our own technical staff in multiple stakeholder venues to identify issues important to Indiana and relaying that information to the Commission, the General Counsel, and to the RTO Team and Oversight Committee. Together with other Team members at the Commission, I strive to provide reliable legal and subject-matter expertise and support for our OMS Board Member, Commissioner Freeman, and for our OPSI Board Member, Commissioner Veleta.

In addition, I am spearheading a rule development aimed toward implementing FERC's Order 2222 in Indiana, which should enable wholesale market participation by aggregated distributed energy resources.

Kristin Munsch, *Senior Associate General Counsel*, Commonwealth Edison Company (ComEd)

Kristin Munsch is Senior Associate General Counsel for the Commonwealth Edison Company, an electric utility which serving Northern Illinois. Her work focuses on regulatory policy and litigation, including the implementation of Illinois' most recent energy legislation, the Climate & Equitable Jobs Act. Before working with ComEd, Ms. Munsch was the Director for Regulatory and Customer Strategy with National Grid, a combined utility serving customers in New York and Massachusetts, where she focused on policies and strategies to advance state and company clean energy goals. Ms. Munsch comes from a consumer advocacy background, having served as Deputy

Director for the Illinois Citizens Utility Board and Assistant Attorney General for the State of Illinois in the Public Utilities Bureau. Before entering law school, Ms. Munsch primarily focused on program design and implementation of federal workforce development and public assistance programs for the City of Chicago and State of Illinois. She is a graduate of Northwestern University and the Chicago-Kent College of Law.

Joann Stevenson Worthington, *Senior Manager Regulatory Affairs*, Voltus

Joann is a Senior Manager of Regulatory Affairs at Voltus. She is an experienced regulatory professional with a history of working in utilities. She served as Senior Counsel, Regulatory Services for American Electric Power and as Assistant Attorney General for the Oklahoma Attorney General's Office. She is a graduate of The George Washington University Law School.
